

# PROTECT & MAXIMIZE EDUCATION & COMMUNICATION

## OBJECTIVE:

Help employees become better consumers of their health care plans.

## CLIENT CHALLENGE

A large school district struggled to understand how to get the most efficient and cost effective care available to them through their benefit plan.

## TRUENORTH'S SOLUTION

TrueNorth partnered with our client to help them understand and maximize their health plan to leverage the value of telehealth services. Upon utilizing these services, they saw a decrease in outpatient and E.R. visits and an increase in the utilization of telehealth services, resulting in **significant savings for both the employee and the employer.**

When this school district realized the power of these teleservices, they were able to **save over \$73,000 - and had over 50% utilization** in telehealth in the first year.

### Why your employees will love telehealth:

Widely available and popular.

Helps with medical and behavioral conditions.

Saves money.

Access to quality doctors & specialists.

Let us show you how we deliver value **beyond the policy.**
